Hajj

My name is

Hajj is the fifth pillar of Islaam.

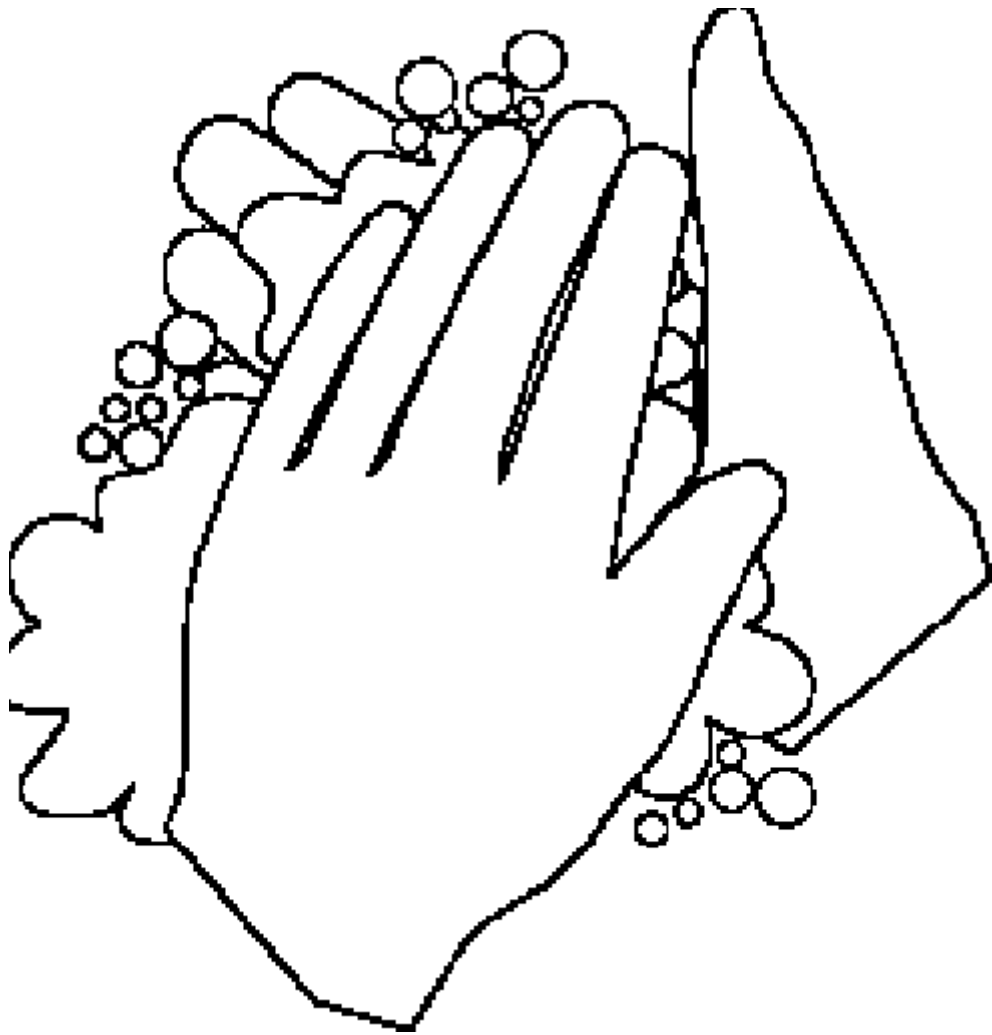

Ibrihim alayhis salaam and his son Ismaa'eel alayhis salaam built the Kabbah a long time ago. Muslims all over the world make Hajj to the House of Allah.

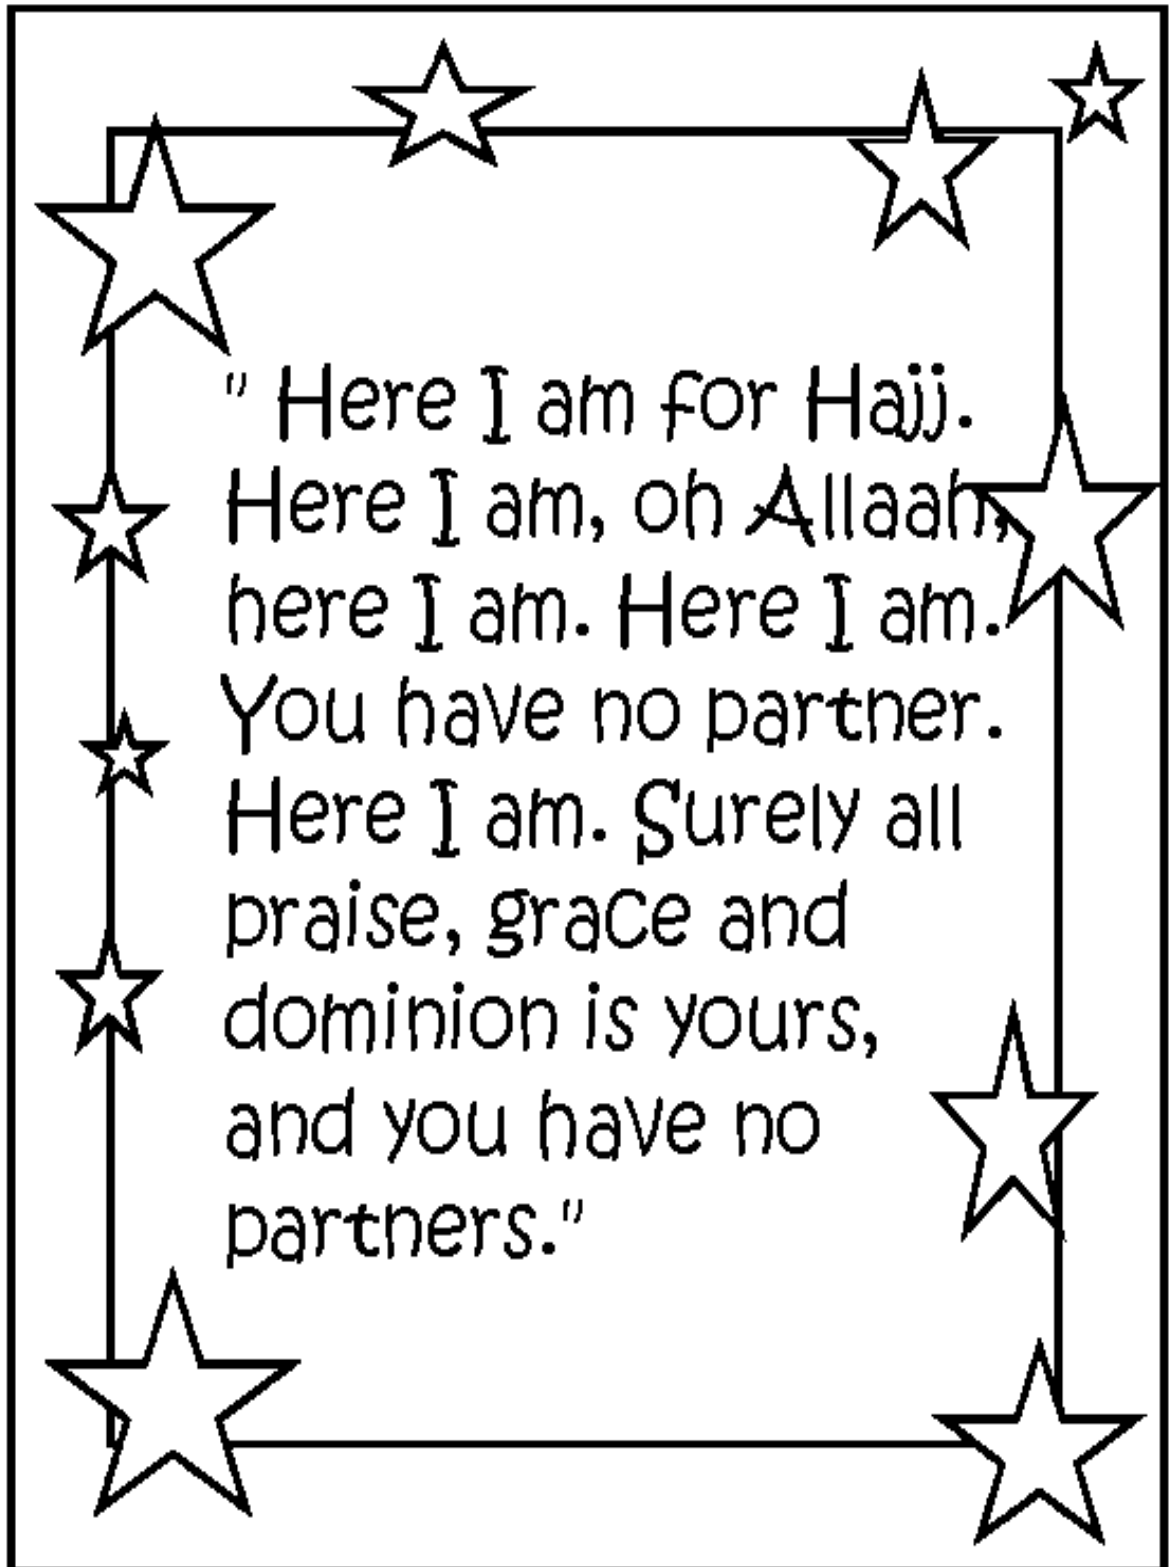

We have to stay away from sins all the time, and especially during Hajj.

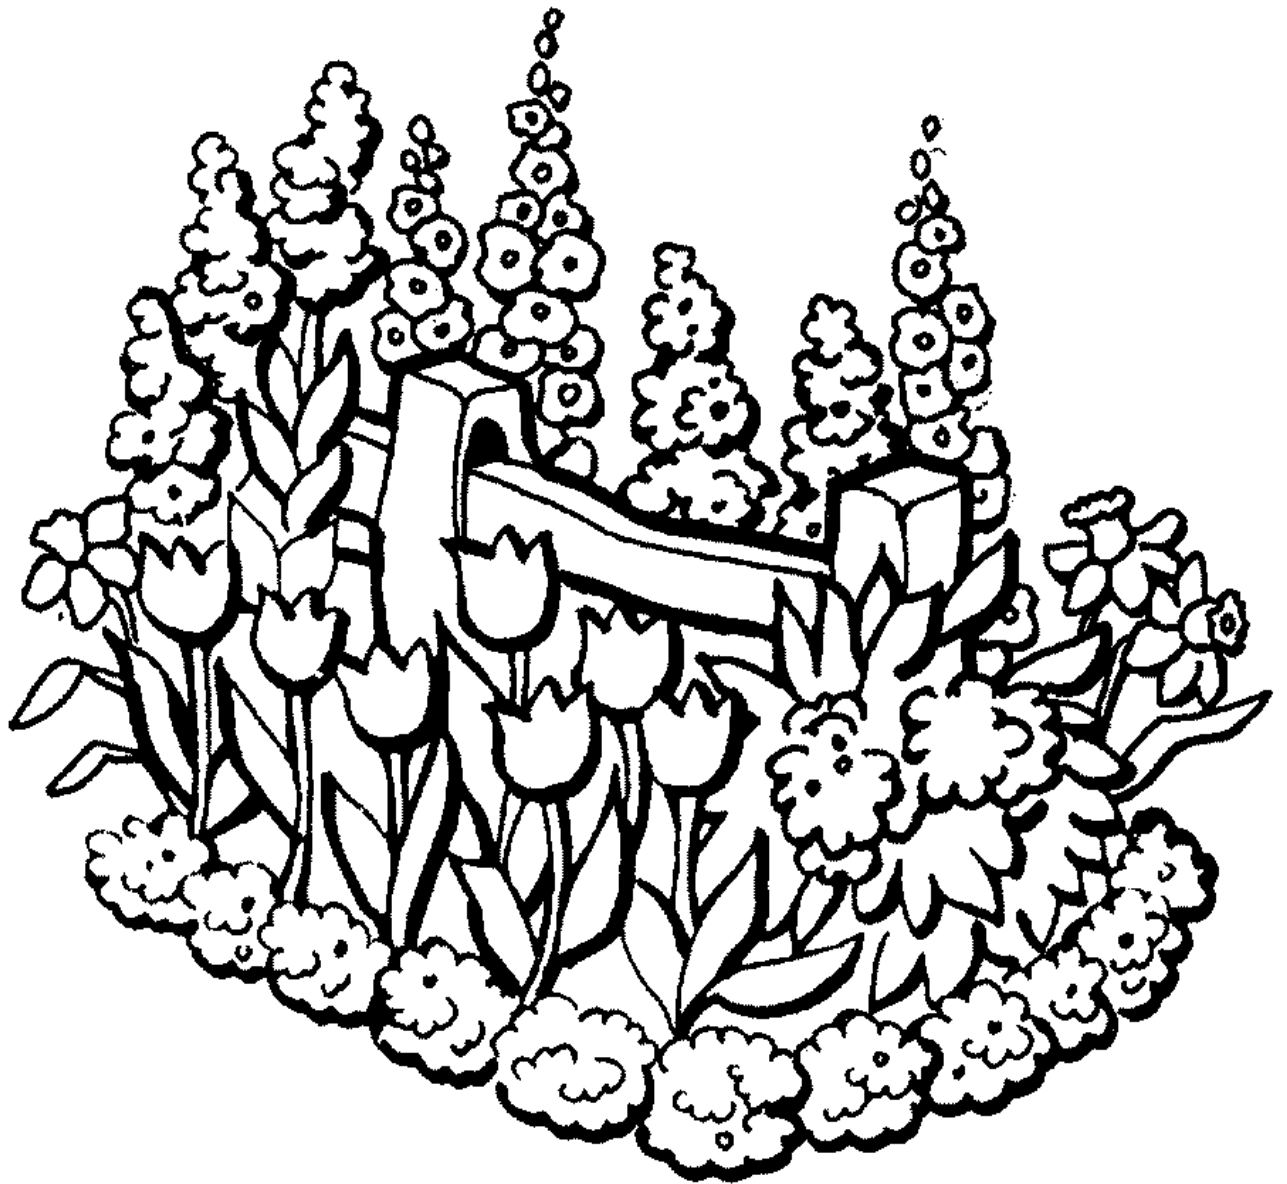

We begin Ihram from a Meeqaat. RasoolAllah sallallahu alayhe was salaam has made mawaqit for everyone who has intentions for Hajj.

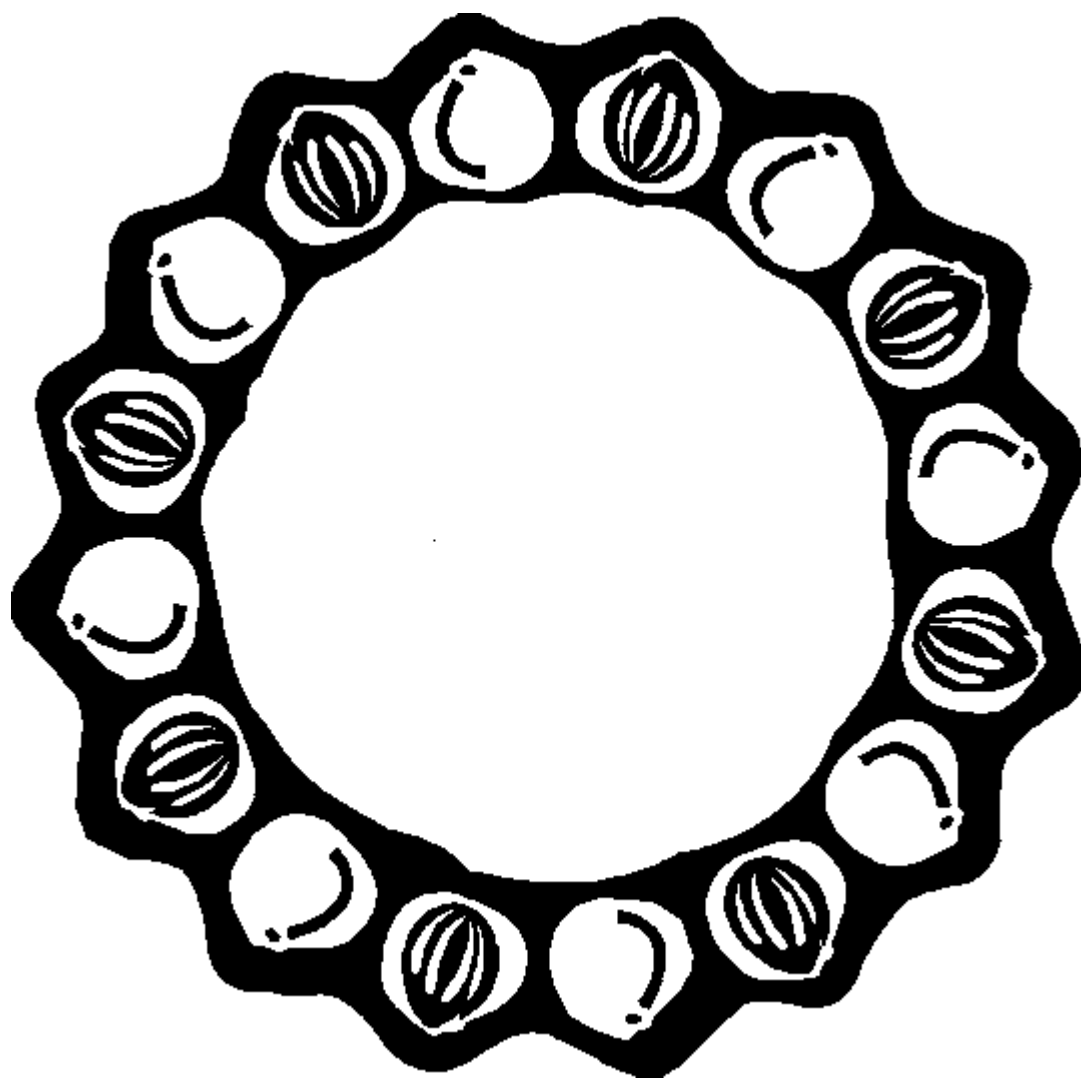

To begin Ihram we make a ghusl. The men will wear Rida and Izhaar. The women can wear anything that isn't adorning her. Then we must make our intentions

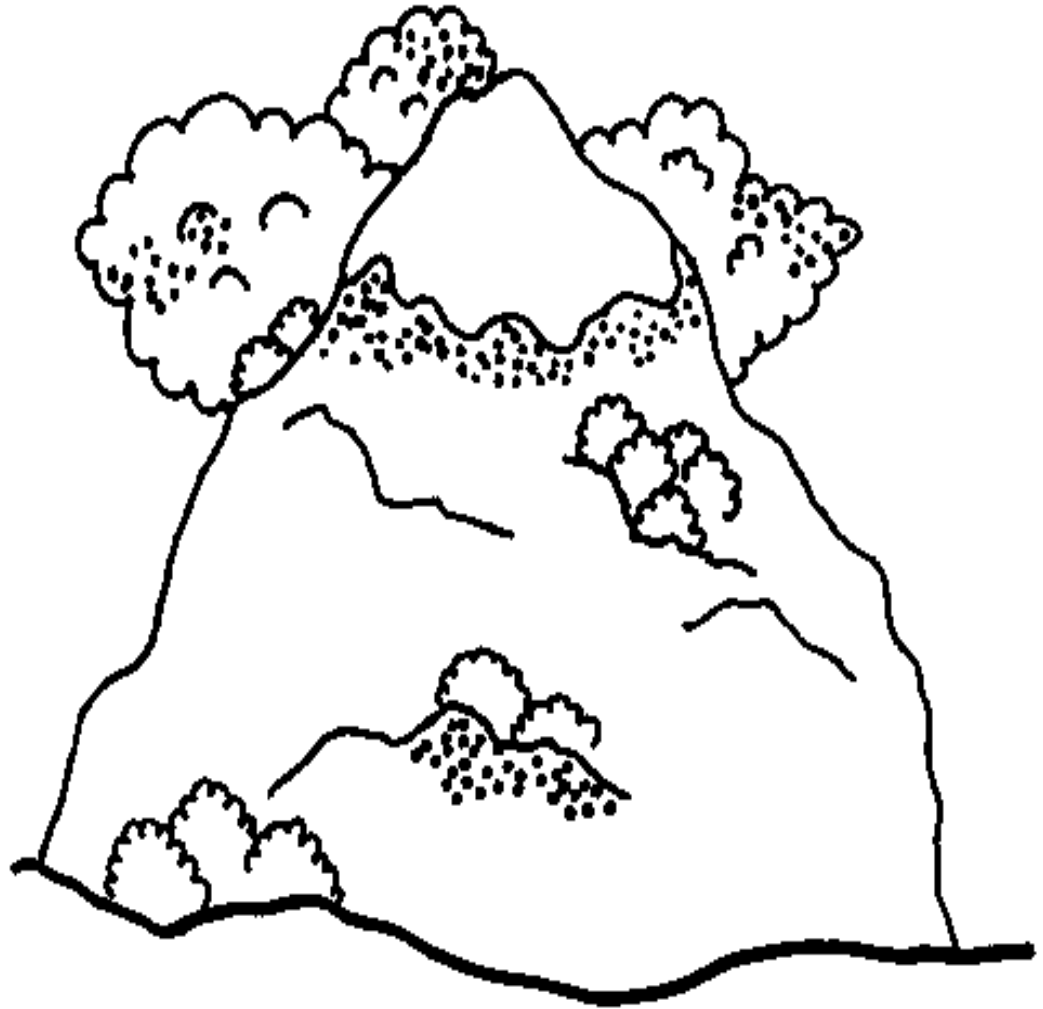

We say this on the eighth day of Dhul Hijah.

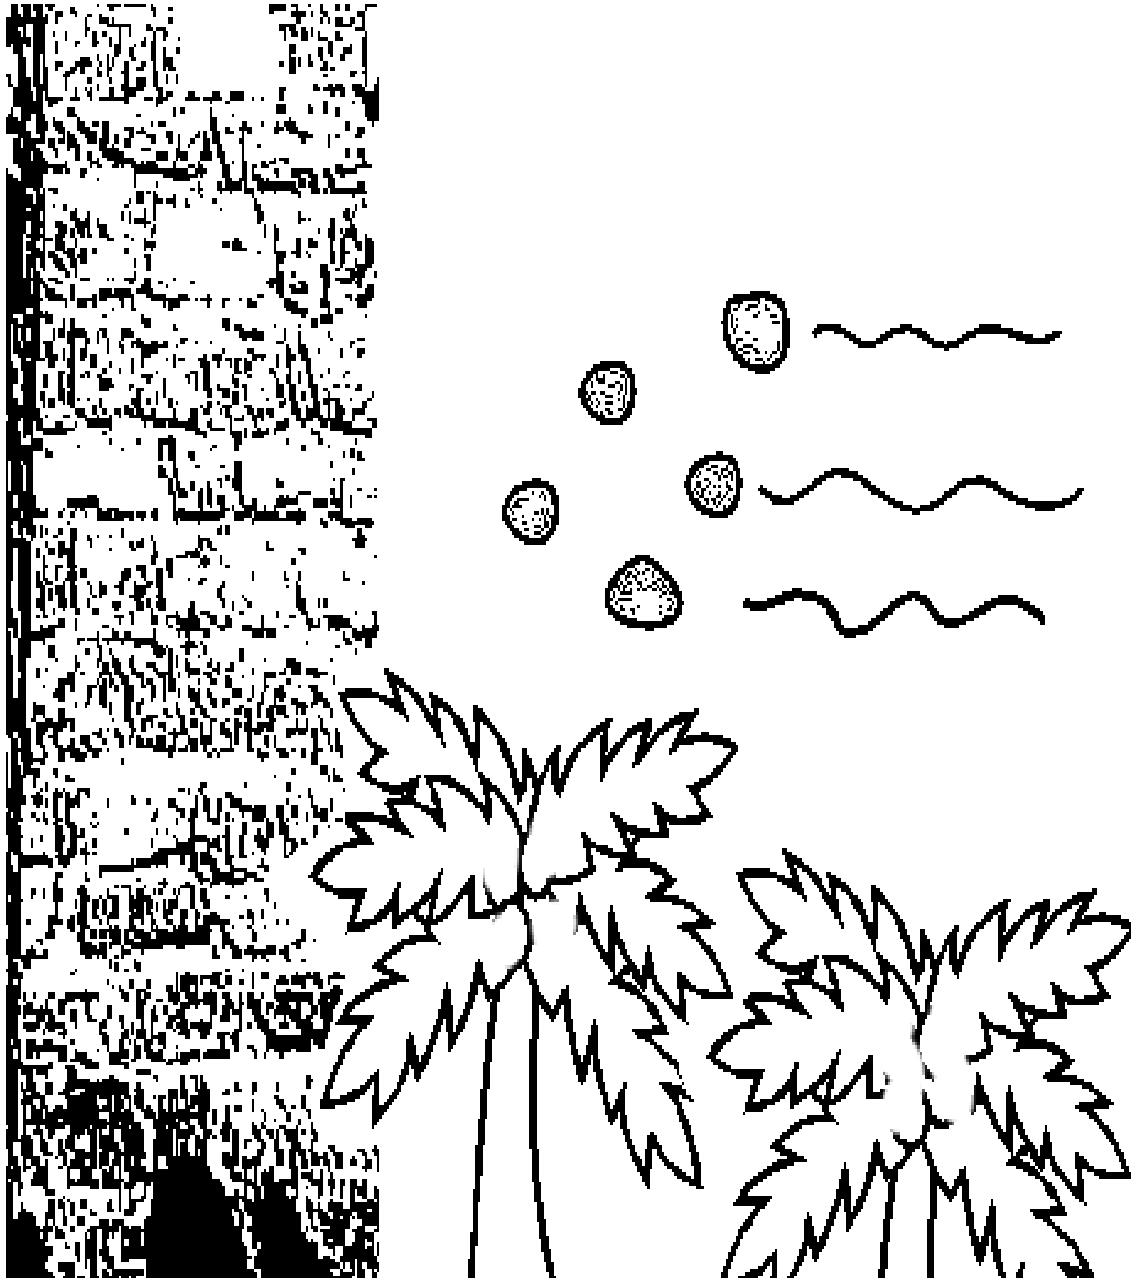

We go to Mina and there we will pray Dhur, Asr, Maghrib, Isha and Fajr. We don't combine the prayers but we make Dhur, Asr, and Isha only two rakaat.

When the sun rises, we go to Arafah and combine Dhur and Asr. We should make as many supplications as we can while we face the Kabbah.

At sunset, we go from Arafah to Muzdalifah and we pray Maghrib,
Isha and Fajr.

There are three things to do when we reach Mina . We have to throw seven pebbles at Jamrah Al-Aqaba and say Allahu Akbar with each one we throw. Then we slaughter an animal, and clip a part of our hair.

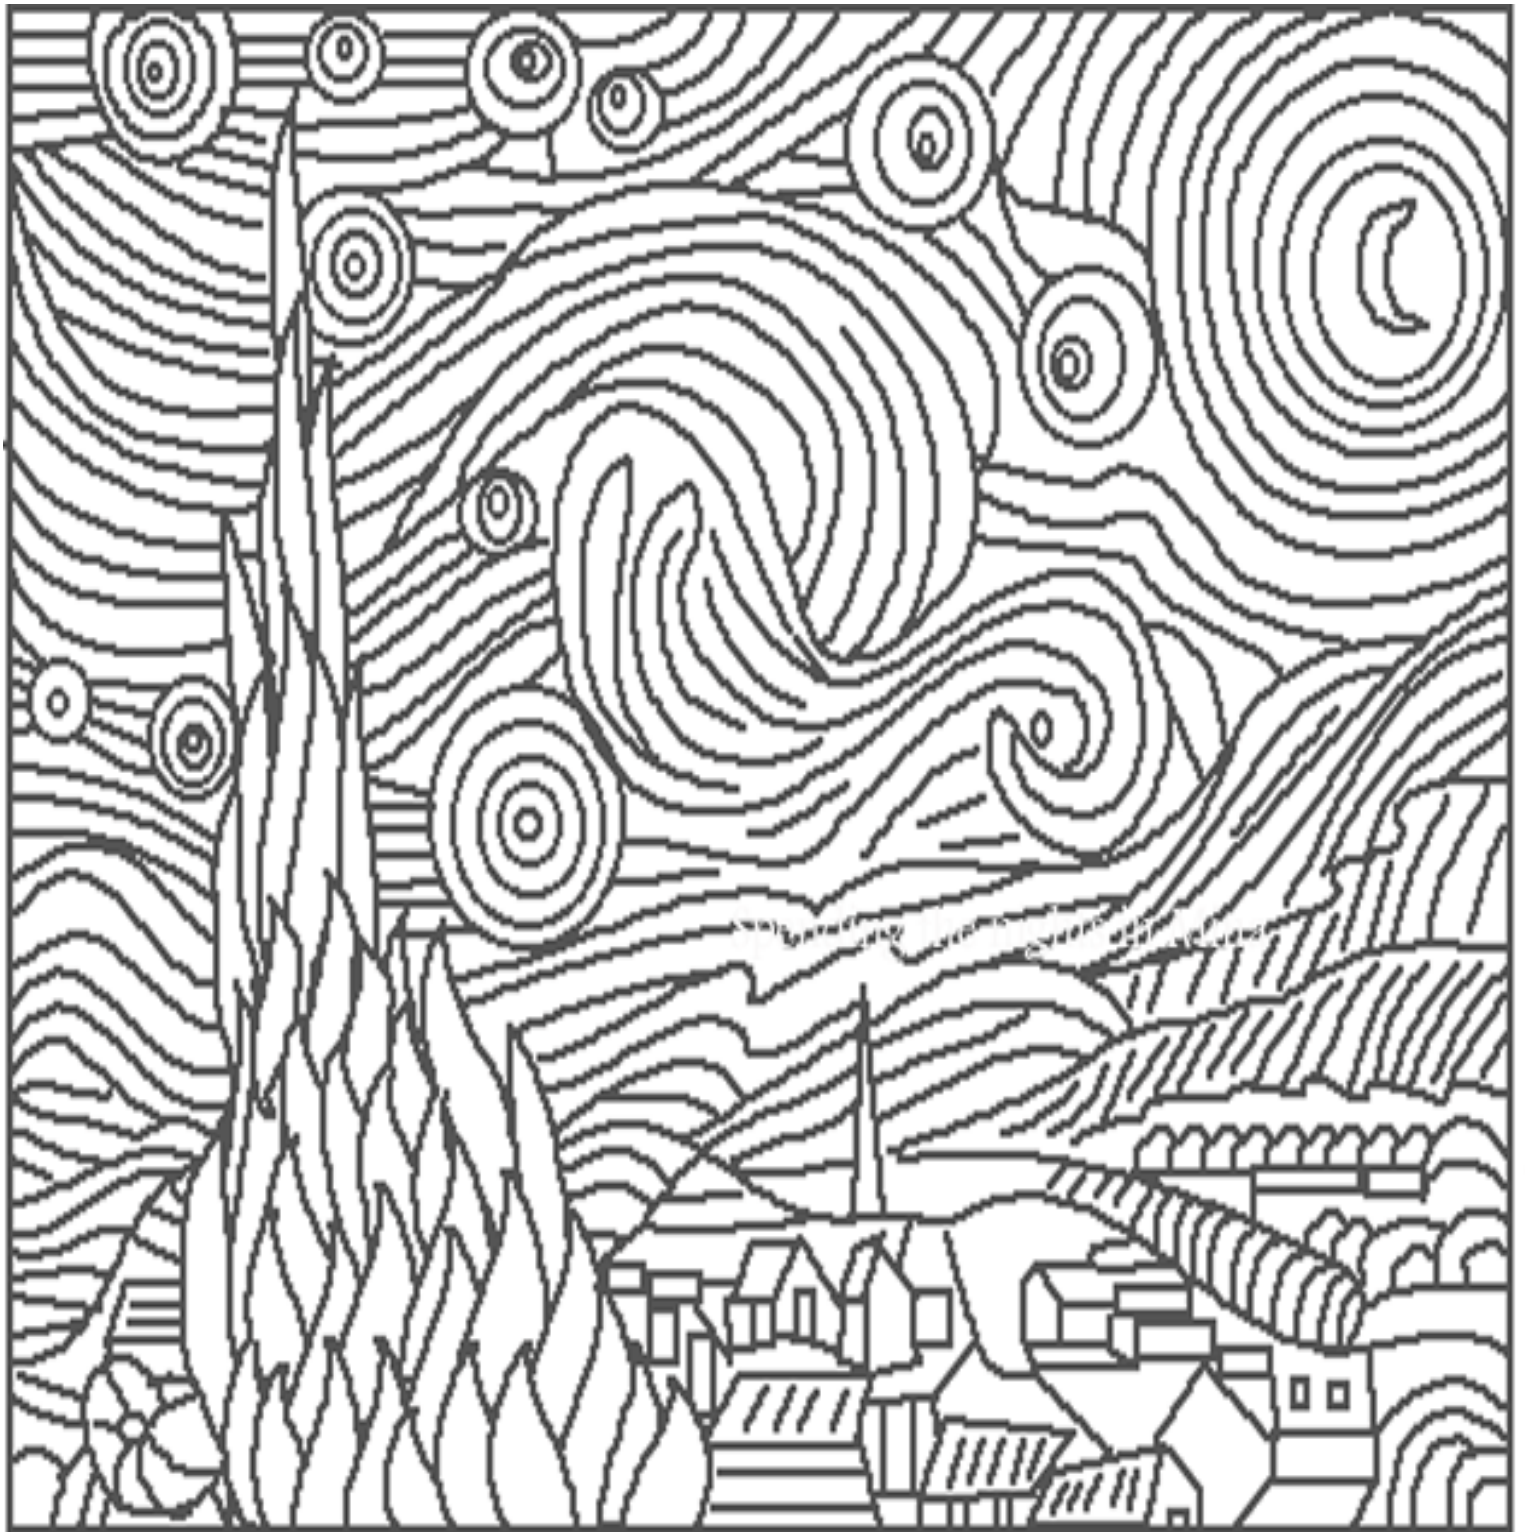

Were making

Hajj!

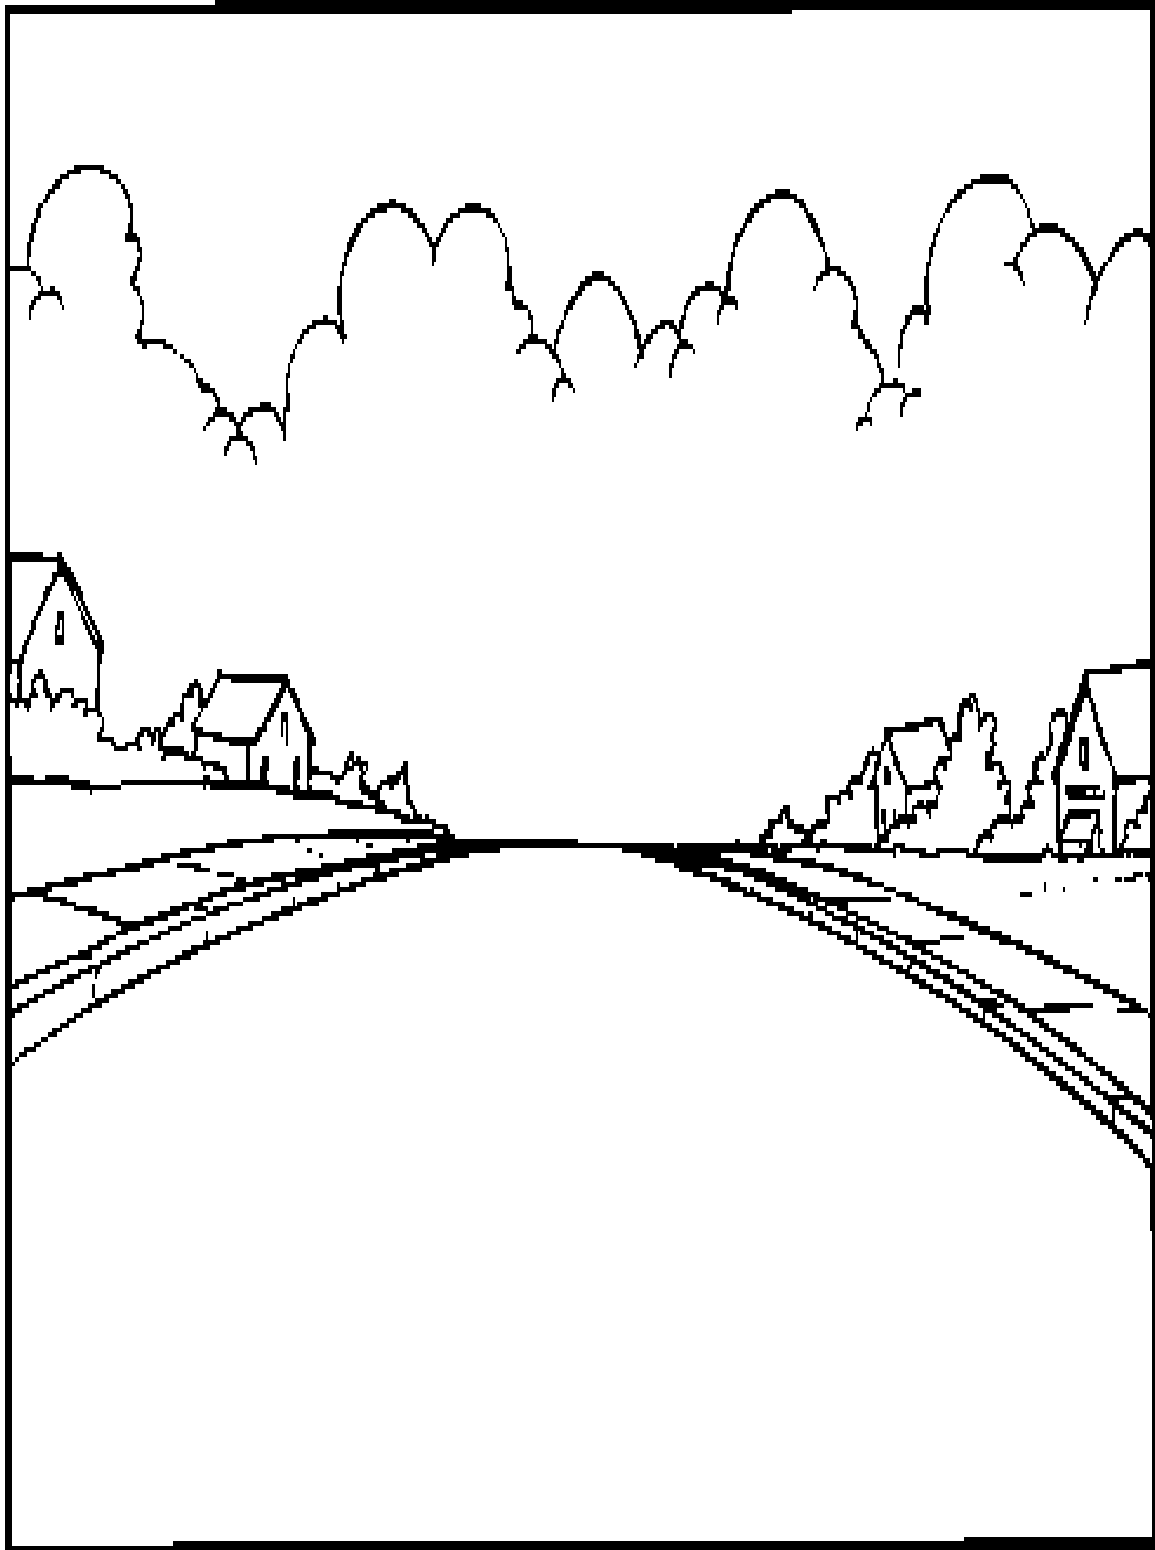

Now we can do everything that was lawful before Ihram except marital relations.

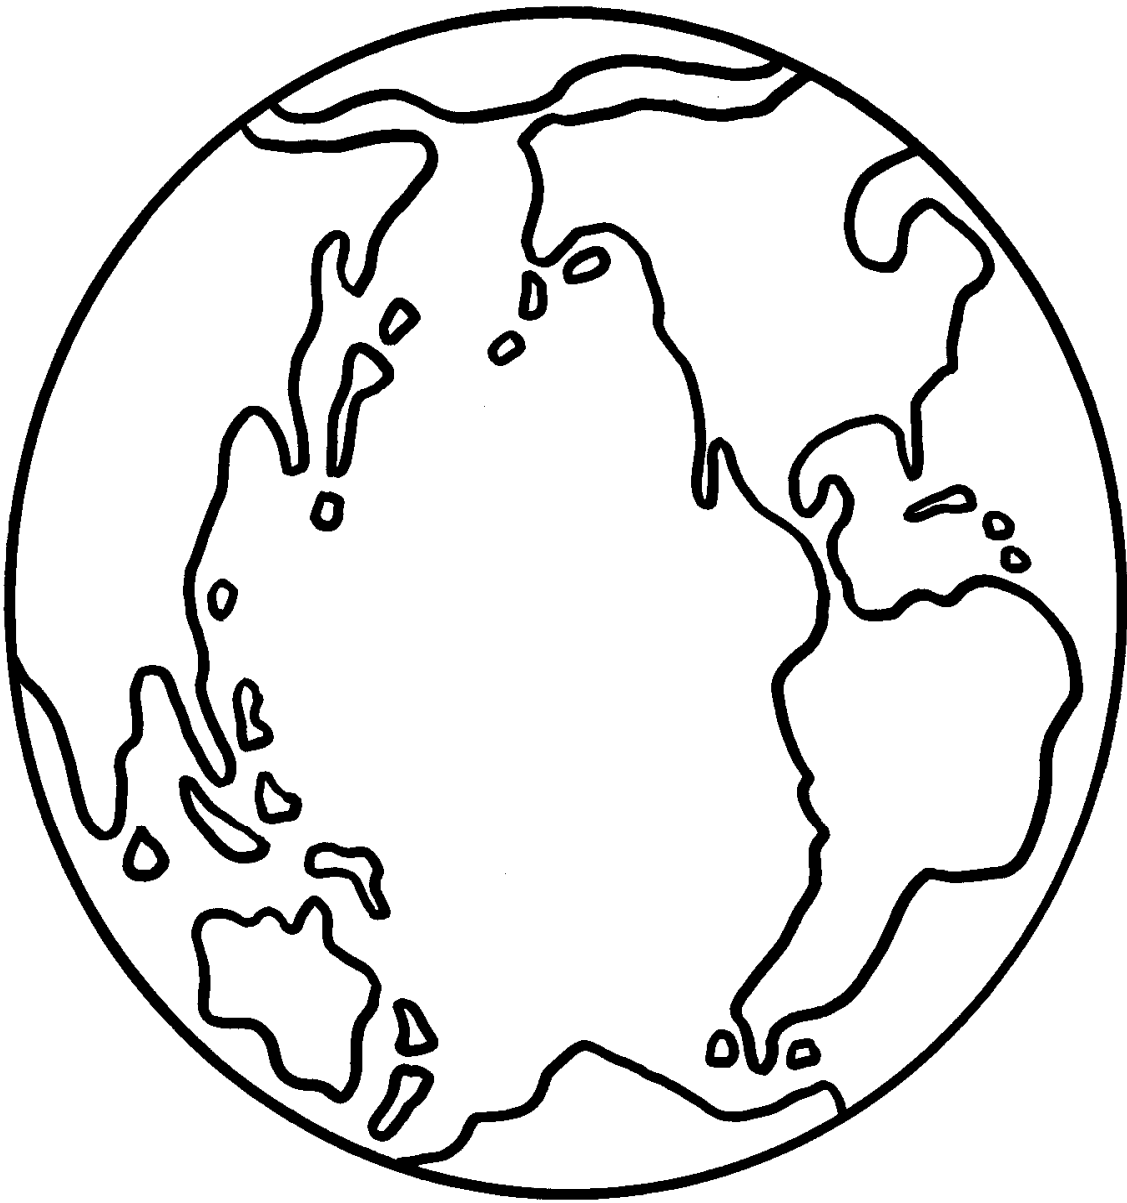

It is Sunnah to put on perfume before going to Makkah. When we get there we will make Tawaf Al- Ifadha and Sai'.

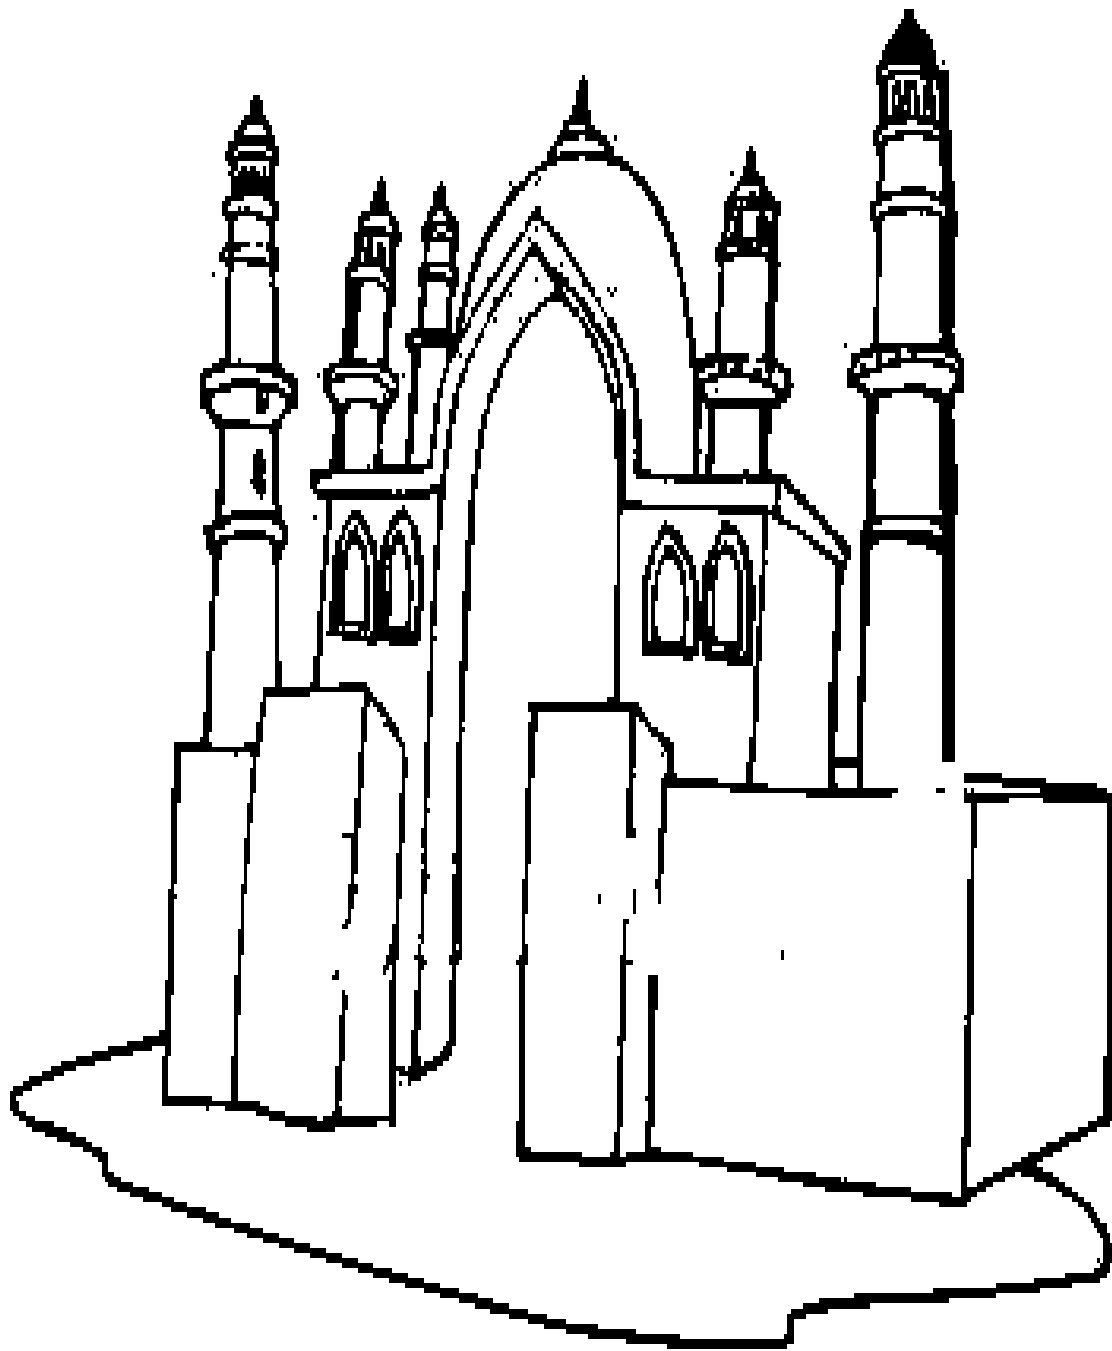

Now we can return to Mina and spend the eleventh and twelfth night there.

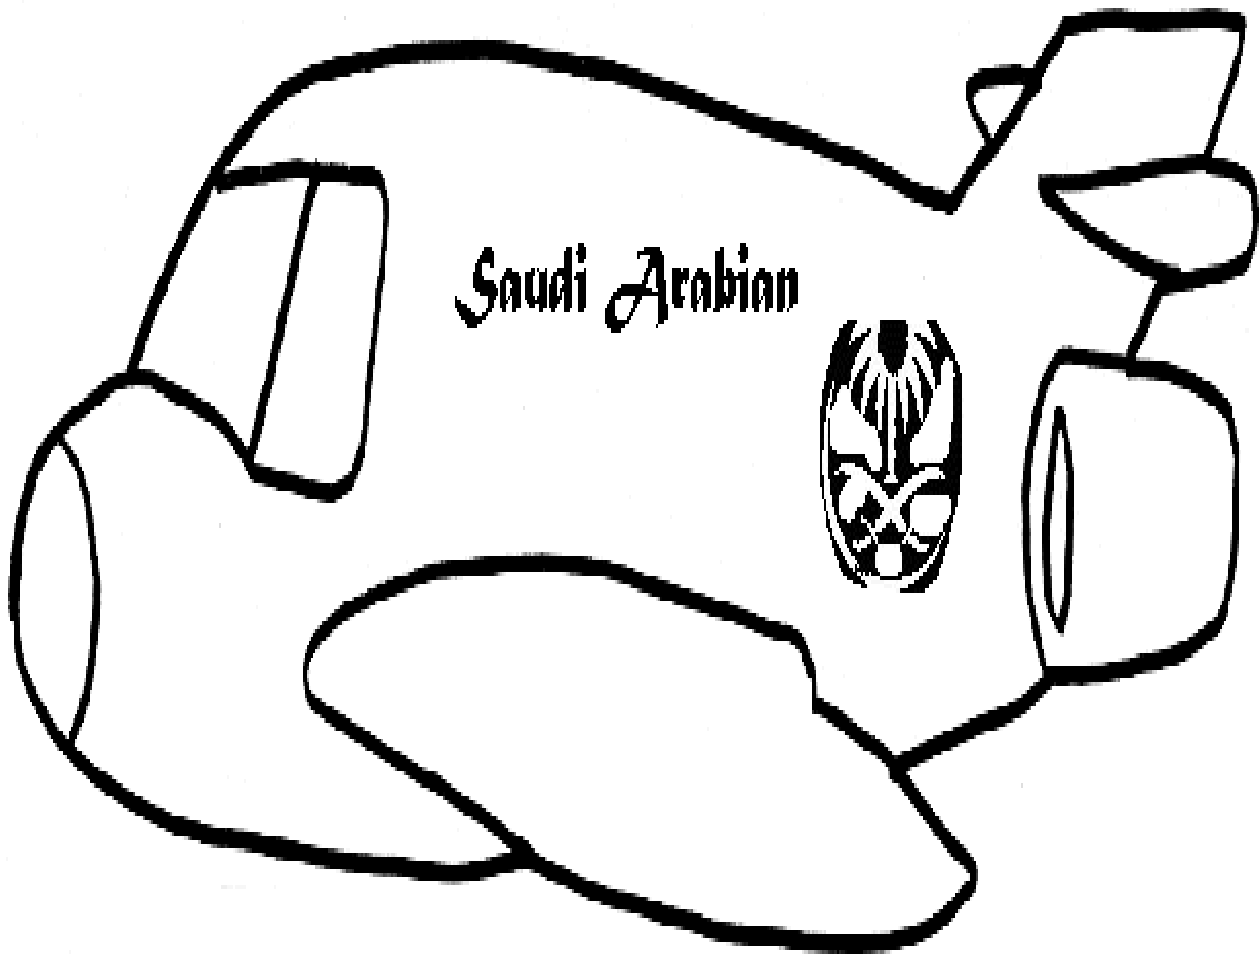

Now we should walk to the Jamrah. We stone first the one that's farthest from Makkah. Then we stone the middle one, then lastly Janrah Al-Aqaba.

When we are ready to return to our country we make Tawaf Al-Wadaa. We will go around the Kabbah seven times.

Before or after Hajj we go to the Prophets Masjid. Prayer in it is better than a thousand prayers elsewhere except in the Holy Mosque in Makkah.

It's time for my family and I to go back home. We have to take an airplane to get there. Do you live far from Saudi Arabia?
