Good Manners (Adhab)

A Muslim does not upset or hurt anyone!

The Prophet ﷺ said:

"A Muslim is the one from whose tongue and hands the Muslims are safe…."

[Bukhari and Muslim]
(Riyad us Saliheen #211)

What does the Prophet Muhammad mean when he said this? Well, what do you think about people who say horrible things to others? Is it a kind thing to do or not a kind thing? I think you will agree, it is not kind to say mean words to other people!
Also, what do you think about people who hurt others? Is it a kind thing to do or not a kind thing? I think you will agree, to hit, kick, pinch or hurt anybody in any way, is not kind!
So a good Muslim is someone who does not harm others by saying unkind words or hurting them. A good Muslim is someone who is always nice to others! And that pleases Allah!

Why do you think it is important not to harm anyone else?

How would you feel if someone said something mean to you or hurt you?

How do you think someone else would feel if you said something mean or hurt them?
